BIRDS OF PREY

Holding a meat eating bird inches away from your face isn't dangerous according to Larry Turouske. Carnivorous birds attack with their feet not their beaks. Larry showed us his program "Birds of Prey", Tuesday, October 2. Larry does full time work rehabilitating birds, and makes money in the winter doing assemblies. He showed us birds such as the Bestral Falcon, Screech Owl, Great Horned Owl, Red Tailed Hawk, and the Golden Eagle.

Larry's outdoor experiences, including extensive backpacking trips through the Rockies, have given him many opportunities to observe these birds in the wild. An eagle soaring through the skies, owls flying silently throught the forest, and the dive of a falcon are familiar sights to him.

MAGAZINE DRIVE

Kilo Jr. High's 1984 Magazine Drive did not completely meet last year's standards. In the thirteen days of the sale, approximately \$18,500 was earned. This figure was a bit lower that last year's \$20,000. Even with the seventh grade's salesmanship ability, they could not meet last year's standards. However, the seventh grade earned the highest percentage of sales with a tie between Mrs. Farnaham's and Mr. Slevett's class. Mrs. Utgaard's class led for the eighth grade and Mrs. Coleman's class were leaders for the ninth grade classes. Mr. Nakayamas's class were the leaders for combined classes. This year, thirteen students will be honored at the donut feed and sixty students made it to the ice cream feed. Top student for sales this year was Oliver McNeil with forty-nine subscriptions.

E.S.L. Class

Korean fried rice, Veitnamese egg role and Laotian fried fish were three of the many foreign foods served by the E.S.L. class. English as a Second Language is the class for foreign students such as Chinese, Vietnamese, and Korean to learn English. For the recognition of the students, they put on a

feast for the school staff. The feast was to let the teachers interact with the students, since this is the first year of E.S.L. The feast was a big success and the teachers thanked the students very much.

Drama Club

Stage combat, improvisation, and video camera work will be done all through the year in the Kilo Drama club. The club's instructors are, Robby Ross and Brad Beaupain. Ms. Somers is supervisor and executive consultant.

The club meets about every other Wednesday and plans to go to professional performances during the year. They also will put on small skits for pep assemblies and make short movies with the video camera. All the scripts used for the skits and movies will be written by club members.

Halloween

Halloween is a time when it was once supposed that witches and ghosts were most likely to wander about.

The Druids, a race of people who lived long ago, believed that on October, 31 the lord of death would rise and gather together all the souls of the dead. Who had been condemned to enter the body of animals and decide what form they should take for the next year.

Jevon Thompson

Jevon Thompson, a former drug abuser, came to Kilo and told us in his funny way how he went from pro drummer to drugs and back to the real world.

Mr. Thompson was a rock-n-roll drummer with Mick Jagger, Duke Ellington, and Sha-nana. He stopped playing the drums after getting deeply involved with drugs.

After kicking his hard drug habit, he gave mini seminars in Washington, Arizona, and California.

HAUNTED HOUSE

by Patty Woody

Want to make your house haunted for Halloween? Here's how. First, drape your furniture with white sheets, plain tablecloths, or whatever you have.

Second, make with and ghost figures out of black clothes and more sheets, stuffed with pillows. Have them hung around in various spots. Or one idea is to have a really long piece of string to fit all the way across the room and back tie the figure on, and

get a friend to rotate it as though it were floating.

Third, how about some scary music? Some heavy organ music such as Bach could make an audio backdrop. Another idea is to record some haunting sounds. Get a tape recorder, a microphone, and some friends together and make a tape of spooky sounds as ghosts, cats, chain rattling, and just about anything you think a haunted sounds like.

Fourth, you can dim the lights, or turn off the lights and just put a couple candles around the room.

Now that your house is haunted, why not invite your friends over and have a party!

Steeler-Steeler

This is a really good band with an excellent guitarist named Ingwie Malmsteen, who recently jumped on with another band named Alcatrazz. All the songs are really strong, especially Born to Rock, Hot on Your Heels, which features Malmsteen's extended guitar solo, Serenade, which shows off the band's technical skill in a song content. This whole album is really hot.

Weight Training Makes Athletes

by Ken Mott

To help everyone get ready for the sport they like, Mr. Kelliher started a weight-lifting program. This is for everyone, boys and girls. It is held on Mondays, Wednesdays, and Fridays at 6:45 a.m. to 7:45 a.m. in the auxiliary room where all the equipment is.

Mr. Kelliher says that they just bought an Olympic weightlifting set. I also talked to some of the weight lifters. I asked them why they came to weightlifting. Neal Keliher, Robby Ross, Paul Williams, John Write, and Steve Tanta say they are here to train and get ready for wrestling. Others like Jim Wells and Travis Wilcox go to get bigger muscles and get stronger.

KILO EDGED BY SAC!

By Kai Johnson

Sacajewea Warriors edged Kilo's varsity football team 14-8 on Wednesday, October 11 at Federal Way Memorial Field.

Kilo started well with Travis Sims's 73 yard run, but Sacajewea came back to tie the game. Both teams had blocked punts for safeties to make the score 8-8. Kilo could not hold sacajewea's drive as they scored again to end the game 14-8.

Football in 84 by Ron Williams

On October 5th, when Kilo Cougars played the Totem T-Birds at Memorial Field, Travis Sims made a fantastic 83 yard run for a touch-down in the first quarter. The extra point was good. When it was Kilo's ball again, they fumbled it and Totem got a touchdown, but no extra point, making the score 8-6 in Kilo's favor at the end of the first quarter.

The rest of the game had interceptions in favor of both Kilo and Totem, but Totem got two more touchdowns making it 8-20 at the end of the first half.

The third quarter went just about the same and Totem scored another touchdown making it 8-26 at the end of the third quarter.

The Totem team scored two more touchdowns in the fourth quarter, but things looked up for Kilo when they made a touchdown in the last few minutes of the game leaving the final score 14-42 in favor of the T-Birds.

Even though Kilo lost, it was a good game and the team played very well.

Volleyball by Kim Waalk

Kilo's Varsity Volleyball team, led by Tiffany Van Eimeren, defeated Illahee on October 9th. The J.V.'s lost in two matches but played a tough game.
